

# SAND POINT

FAMILY VINEYARDS

At Sand Point, we think nature has its place – and that place is in and around our vineyards. We've restored the riparian habitat where our ranch meets the Mokelumne River – including the spot that gave Sand Point its name. Since then, we've brought nearby sloughs back into natural balance and surrounded our vineyards with 15-foot-wide swaths of native plants and trees, inviting bugs, birds and animals to make themselves at home. In return, the healthy soil and water nourishes our vines. Wild? Yes... but to us, it's following in nature's footsteps.

## TASTING NOTE

Opening with a bright lemon aroma, the first sip carries on the citrus flavor but comes together with golden apple and mellow blossom notes. The mingling of the aroma and flavor make for a refreshing wine.
